The Manor Rooms

On The Drewton Estate

Yorkshire's exclusive rural
wedding venue

Welcome to The Manor Rooms, on The Drewton Estate,
where our events team endeavour to make your dreams
come true and promise to make your special day
a magical and memorable experience.

Licensed for weddings, catering is offered for up to 150 seated dining guests, and up to 200 evening guests, with our own in-house team of chefs who are proud to deliver exceptional food and service, with creative, seasonal and delicious menus.

The Drewton Estate is privately owned with 1200 acres of farmland and woodland on the edge of the famous Yorkshire Wolds in the East Riding of Yorkshire.

It is home to the award-winning Drewton's Farm Shop and boasts delightful residential properties, including two five-star holiday cottages.

The Taylor Family launched The Manor Rooms in June 2019, adjacent to the farm shop which opened in 2010. With stunning views from huge bi-fold windows and a large private terrace, guests are wowed by our beautiful location, overlooking the fields and hills, and they can even sit under the stars and enjoy the Boma outdoor seating area and fire pit, which is a nod to the Taylor family's love of Africa.

The Manor Rooms has been sympathetically built, ticking the box for both rustic and elegant themes, and features fabulous chandeliers and lighting, exposed stone walls, bespoke upholstered chairs, a choice of table design and a wood floor with underfloor heating; bringing the beautiful countryside to the interiors.

Quality interior design offers delightful themes to The Manor Room, The Library, The Garden Room and The Terrace. Couples can indulge in a choice of beautiful rooms and backdrops for their ceremony, reception and wedding breakfast.

Exclusive use of the venue means that you even have your very own sumptuous bridal room along with a large private car park leading to The Manor Rooms.

Our team is headed up by Lisa, the Events Manager, who works closely with Katie Taylor MBE (owner). With a wealth of experience, our professional events team share Katie's passion, values and attention to detail and, from your initial enquiry through to the 'big day', you can rest assured that we will deliver a personal service, with creative expertise.

We have built up good relationships with a number of handpicked specialist suppliers and we are always delighted to share and make recommendations whether it be photographers, cake-makers, magicians, florists; and more. We also have some novel ideas for impressing your guests with a few personal touches!

Love, laughter
and happily ever after.
